To Whom It May Concern:

It is with great pleasure to recommend Mrs. Kailyn Angella for your consideration as a teacher in your school. I have had the opportunity to work with Mrs. Angella for the past few years as her principal and colleague. In that time, Kailyn established herself as an integral member of the Korea International School, Early Childhood Education (ECE) department. She demonstrated great leadership and mentoring abilities through the development of our new transdisciplinary Reggio Emilia approach to learning.

Mrs. Angella is a talented educator that is focused on creating an effective and safe learning environment. She designs learning opportunities for her students through well developed lessons that are tailored to individual student strengths and that challenge their growth areas. Mrs. Angella creates an atmosphere where students are willing to take risks and accept that failure is a natural part of the learning process. Kailyn works with her teaching assistants, students, and parents to set high expectations for learning and provides the support and guidance necessary for each student to meet or exceed those expectations.

Mrs. Angella has set high personal and professional expectations for herself as well and has implemented a clear plan for accomplishing these goals. She is an active participant at staff in-services, conferences and building level trainings; she listens during the information gathering process and always has insightful opinions to share. Her commitment to teaching and learning is what makes her such an asset to our school and an invaluable member of our community.

Mrs. Angella understands the art and science involved in making any learning environment engaging and effective. She is an active listener and has the ability to work collaboratively with her team to reach department and school wide goals. Kailyn is always working to improve her teaching practices and the school community. Her reflective nature, natural leadership qualities and passion for learning will be an asset to any organization. Please feel free to contact me if I can be of further assistance.

Sincerely,
